

# **Power Clamp**

*Make your RevMaster fit like your road bike!*

In response to demand from road cyclists training indoors, Power Cranks is pleased to introduce a simple modification to the LeMond RevMaster to allow a more "road bike" posture and feel.

Power Clamp allows you to adapt your LeMond RevMaster to use any 26.0 standard road style handlebar, giving you a more "road like" fit. Industrial high quality aluminum black anodized construction secured with 5mm allen bolts. Made in USA. Handlebars shown are not included.

**Part# 60101**

**MSRP \$98.95**
