

Cleat Marking Pens

Part# 7030307

CLEATS - ALWAYS remember to mark your cleats BEFORE you loosen anything and make any adjustments. Once your cleat is loose, you lose all reference points if you do not mark them up, as a first step to the process.

BikeFit pens come in a set of colors - **black, silver & gold** available to make sure we can see what we are marking and the progression of changes.

Black, Silver and Gold
Marking Pens

Focus Flashlight Pen (Ball Point)

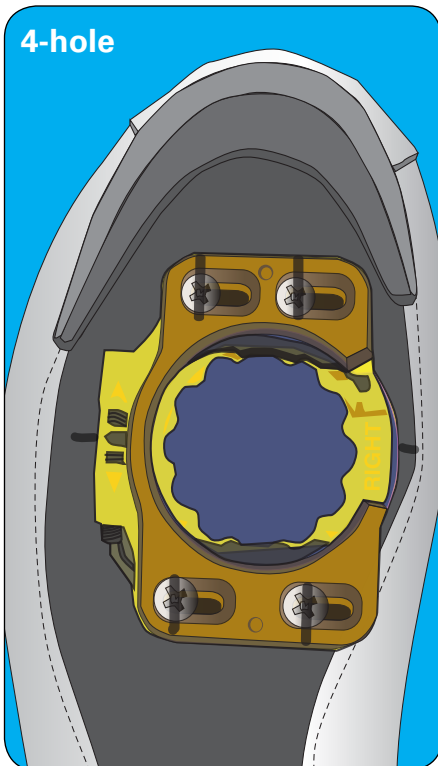

\$7.55
per set of 4

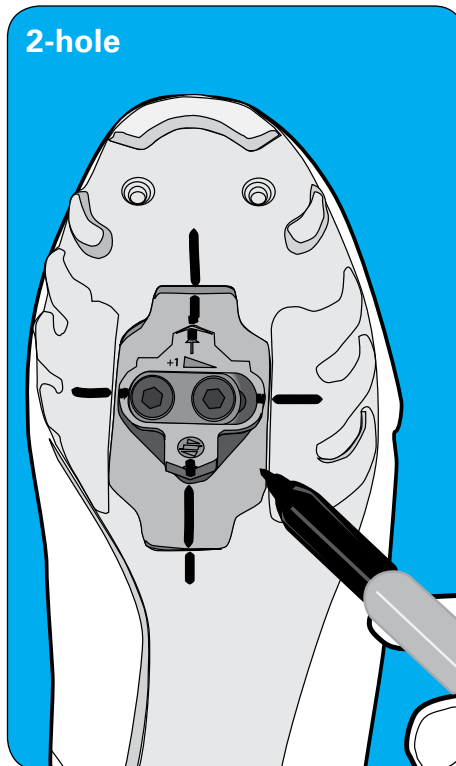

Pen
doubles
as a
flashlight!
